Subject: Sun & Pasture required for Organic Herding

Dear Organic Farming Regulators,

I support the Livestock Committee's recommendations on pasturing and outdoor access for certified org

Sunshine, Rain, Fresh Air and Exercise in Green Pastures are essential for the health and well being of domesticated hoof stock. My concern is not only for people and the chemicals and hormones that can be passed on to human consumers, but also

Please vote that these "Biologically Scripted Drives and Natures" be a keystone requirement in certified

Thank-you,
